HOW IT ALL GOES TOGETHER — CARDBOARD KNIGHT ARMOR SET

Every part you cut, shown on the child at its real size, with the letter from its own cut-template page. The grey figure is only there for scale — measure your own child, never this drawing. Pieces that wrap round the head, an arm or a leg are shown as they look once wrapped, not laid flat.

Each picture is the build once that step is finished. The part you just added is the ORANGE one. Grey is what was already there. Work down the page and yours should look like each picture in turn.

CURIOSIDADE!

A armadura de um cavaleiro medieval de verdade pesava até 22 kg. A sua pesa 0. Isso é um baita upgrade.

DESAFIO!

Missão de cavaleiro: depois de totalmente armado, complete 5 tarefas — resgate um bichinho de pelúcia, defenda um forte de almofadas, derrote um dragão de travesseiro, carregue um tesouro e faça uma reverência ao rei.

1

PASSO 1: MEÇA A CRIANÇA

Antes de cortar qualquer coisa, contorne levemente a lápis o tronco, o braço, a canela e a cabeça da criança no papelão. A armadura precisa servir nela — armadura que cai não é armadura.

2

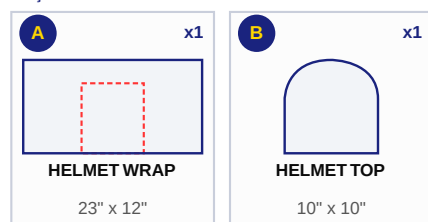

PASSO 2: MONTE O CAPACETE

! AJUDA DE UM ADULTO

A Volta do capacete é cortada MAIS COMPRIDA que a cabeça de qualquer criança de propósito. Enrole-a em volta da cabeça da criança, sobreponha as pontas em cerca de 1 polegada, marque esse ponto, corte o excesso das DUAS pontas por igual para que a abertura do rosto fique na frente e prenda a costura atrás com fita. Corte a abertura do rosto mostrada no molde: 8" (20 cm) de largura, começando 3" (8 cm) abaixo da borda de cima e descendo até atravessar a borda de baixo. O capacete cobre a testa e as laterais da cabeça; o rosto inteiro fica descoberto, como na foto da capa. Feche com o Topo do capacete — arredonde os cantos antes de prender.

SEGURANÇA: O adulto corta. Olhos, nariz, boca e queixo precisam ficar totalmente descobertos.

PEÇAS DESTE PASSO

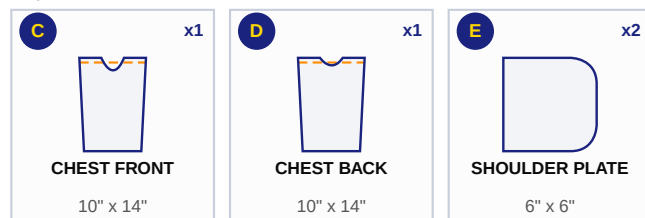

3

PASSO 3: MONTE O PEITORAL

Corte a Frente do peitoral para caber na largura e no comprimento do tronco da criança. Repita para as Costas do peitoral. Faça furos nos cantos superiores dos ombros (marcas de dobra no molde). Passe alças de fita pelos furos — essas são as tiras dos ombros que ligam a frente às costas. Adicione uma cruz ou o emblema HEE na frente, em prateado.

PEÇAS DESTE PASSO

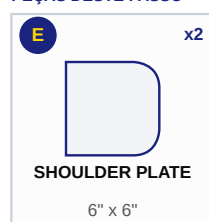

4

PASSO 4: ADICIONE AS OMBREIRAS

Arredonde o canto externo de cada Ombreira (linha de corte no molde). Prenda com fita no peitoral, nos pontos das tiras dos ombros — elas devem ficar penduradas sobre as articulações dos braços, como ombreiras de verdade.

PEÇAS DESTE PASSO

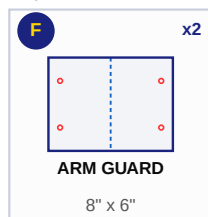

5

PASSO 5: MONTE AS BRAÇADEIRAS

Vinque a linha vertical central de cada Braçadeira (marca de vinco no molde) para que ela possa dobrar e envolver o braço. Faça com um lápis os 4 furos perto das duas pontas (marcas de furo), passe a fita e amarre com um laço atrás do braço. Desenhe rebites com caneta preta ao redor de todas as bordas.

PEÇAS DESTE PASSO

6

PASSO 6: MONTE AS CANELEIRAS

Vinque a linha vertical central (marca de vinco no molde). Faça com um lápis os 4 furos perto das duas bordas laterais (marcas de furo), passe a fita e amarre com um laço atrás da perna. Adicione linhas de vinco horizontais na superfície para o visual de armadura de placas.

PEÇAS DESTE PASSO

7

PASSO 7: MONTE O ESCUDO

Corte o Escudo (14" x 20" (36 x 51 cm)). Use as marcas de afunilamento do molde para cortar a parte de baixo formando a ponta de pipa. Vinque a coluna vertical central para dar rigidez (marca de vinco no molde). Decore com um brasão da família. Adicione 2 alças de fita nas costas para prender o braço.

PEÇAS DESTE PASSO

8

PASSO 8: TUDO PRATEADO

Cubra TODAS as 8 peças com caneta ou tinta prateada. Adicione rebites com caneta preta em todas as bordas. É essa etapa que deixa tudo com cara de armadura de verdade — não pule nenhuma superfície.

9

PASSO 9: CONTROLE DE QUALIDADE

Vista todas as 8 peças — tudo serve e fica no lugar. Prateado em cada peça. Compare com a foto da capa. Esse é o padrão.

CONTROLE DE QUALIDADE!

A sua montagem está parecida com a foto? Compare lado a lado antes de finalizar.
