CARDBOARD KNIGHT ARMOR SET

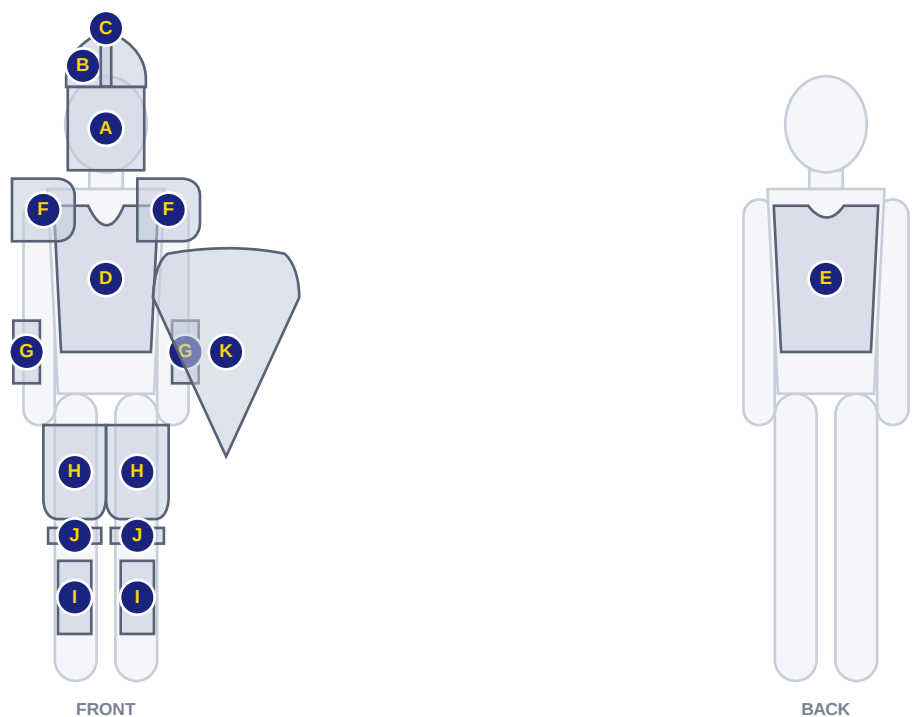

Wearable 11-Part Suit — Domed Helmet, Chest, Arms, Thighs, Shins & Shield

A full wearable suit of armor. Cut it, tape it, wear it, rule the realm.

AGES 4–12	BOXES 2 Medium Boxes	TIME 2–3 Hours	DIFF Beginner *	PIECES 11 pcs
CARDBOARD NEEDED: 2 Medium Boxes (at least 18" × 24" (46 × 61 cm) each) FINISHED SIZE: Helmet fits heads 19.5–22.5" (50–57 cm) · chest and back plates 10" × 14" (25 × 36 cm) · shield 14" × 20" (36 × 51 cm)				
MISSION GOAL: Build and wear a complete knight armor suit like the cover photo: a domed helmet with a crest and two slits, chest and back plates, 2 shoulder plates, 2 arm guards, 2 thigh plates, 2 shin guards with cardboard straps, and a kite shield.				

HOW IT ALL GOES TOGETHER — CARDBOARD KNIGHT ARMOR SET

Every part you cut, shown on the child at its real size, with the letter from its own cut-template page. The grey figure is only there for scale — measure your own child, never this drawing. Pieces that wrap round the head, an arm or a leg are shown as they look once wrapped, not laid flat.

FACE OPENING — CUT OUT (adult only)

SIZE CHECK — THIS DRAWING IS NOT REAL SIZE. Printed on letter paper at 100% it measures about 7.3" × 2.5" (32% of real size).
Cut your REAL piece at 23" × 8" (58 × 20 cm). Use a ruler, not the printout — each grid square = 2 real inches.

HELMET DOME PANEL

SIZE CHECK — THIS DRAWING IS NOT REAL SIZE. Printed on letter paper at 100% it measures about 5.9" × 6.9" (98% of real size). Cut your **REAL** piece at 6" × 7" (15 × 18 cm). Use a ruler, not the printout — each grid square = 2 real inches.

HOW TO DRAW THIS SHAPE ON YOUR CARDBOARD:

Draw a line 1" up from the bottom edge — that strip is the tab. Mark the centre of the top edge. From each end of the tab line, draw a smooth outward curve up to that centre mark (like one segment of an orange peel). Cut one, then trace it for the other three so all four match.

Cut along the **GOLD** dashed outline. The faint grey box is the flat piece of cardboard it comes from; the grid squares are 2".

6" × 7" (15 × 18 cm)

Dome panel — straight tab at the bottom, curved sides meeting in a point

MARK LEGEND FOR THIS PIECE:

GOLD OUTLINE — this is the shape you cut. It is **NOT** a rectangle.

FOLD — score lightly, then fold at this line

CUT OUT — cut along the red dashes (an orange side is a fold)

NOTE: Four identical panels tape together into the round top of the helmet. Cut the 2 slits in **ONE** panel only — that one goes at the front

HELMET CREST

SIZE CHECK — THIS DRAWING IS NOT REAL SIZE. Printed on letter paper at 100% it measures about 4.9" × 6.9" (49% of real size). Cut your REAL piece at 10" × 14" (25 × 36 cm). Use a ruler, not the printout — each grid square = 2 real inches.

HOW TO DRAW THIS SHAPE ON YOUR CARDBOARD:
Mark 3.3" in from each TOP corner — the gap between those two marks is the neck. Scoop a shallow curve 2.1" deep between them. Then mark 0.7" in from each BOTTOM corner and draw a straight line up to the top corner on that side. Check the neck over the child's head before you cut the second one.
Cut along the GOLD dashed outline. The faint grey box is the flat piece of cardboard it comes from; the grid squares are 2".

10" × 14" (25 × 36 cm)
Breastplate — neck scooped out of the top, tapers in at the waist

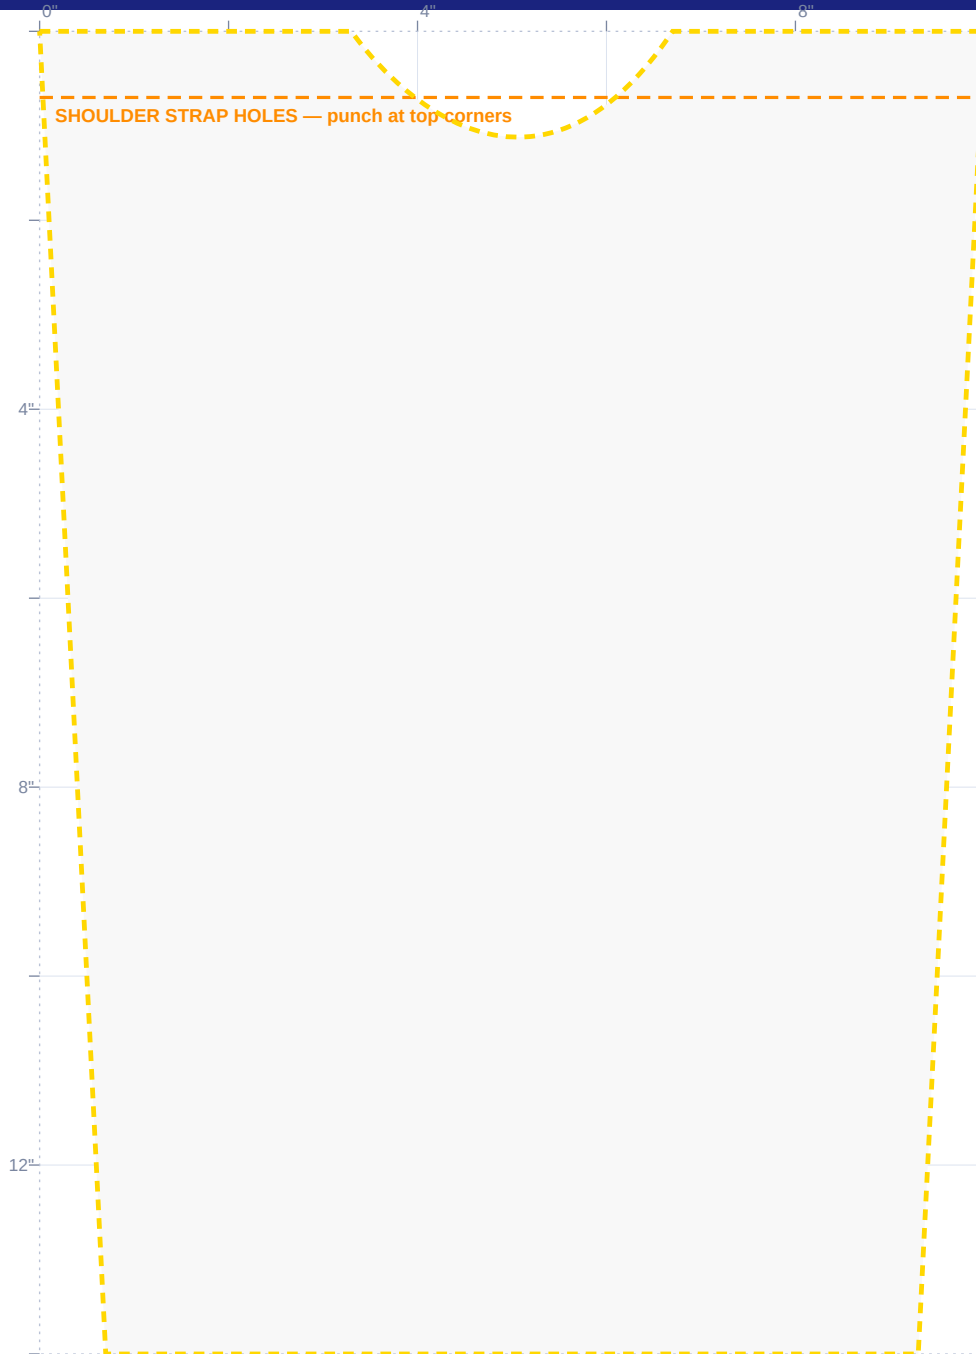

MARK LEGEND FOR THIS PIECE:

SIZE CHECK — THIS DRAWING IS NOT REAL SIZE. Printed on letter paper at 100% it measures about 4.9" × 6.9" (49% of real size). Cut your REAL piece at 10" × 14" (25 × 36 cm). Use a ruler, not the printout — each grid square = 2 real inches.

HOW TO DRAW THIS SHAPE ON YOUR CARDBOARD:

Same outline as the chest front, but scoop the neck only 1.3" deep — the back of the neck sits higher than the front. Mark 3.3" in from each top corner, curve between the marks, then taper 0.7" in at each bottom corner.

Cut along the GOLD dashed outline. The faint grey box is the flat piece of cardboard it comes from; the grid squares are 2".

10" × 14" (25 × 36 cm)

Back plate — matches the front, shallower neck scoop

MARK LEGEND FOR THIS PIECE:

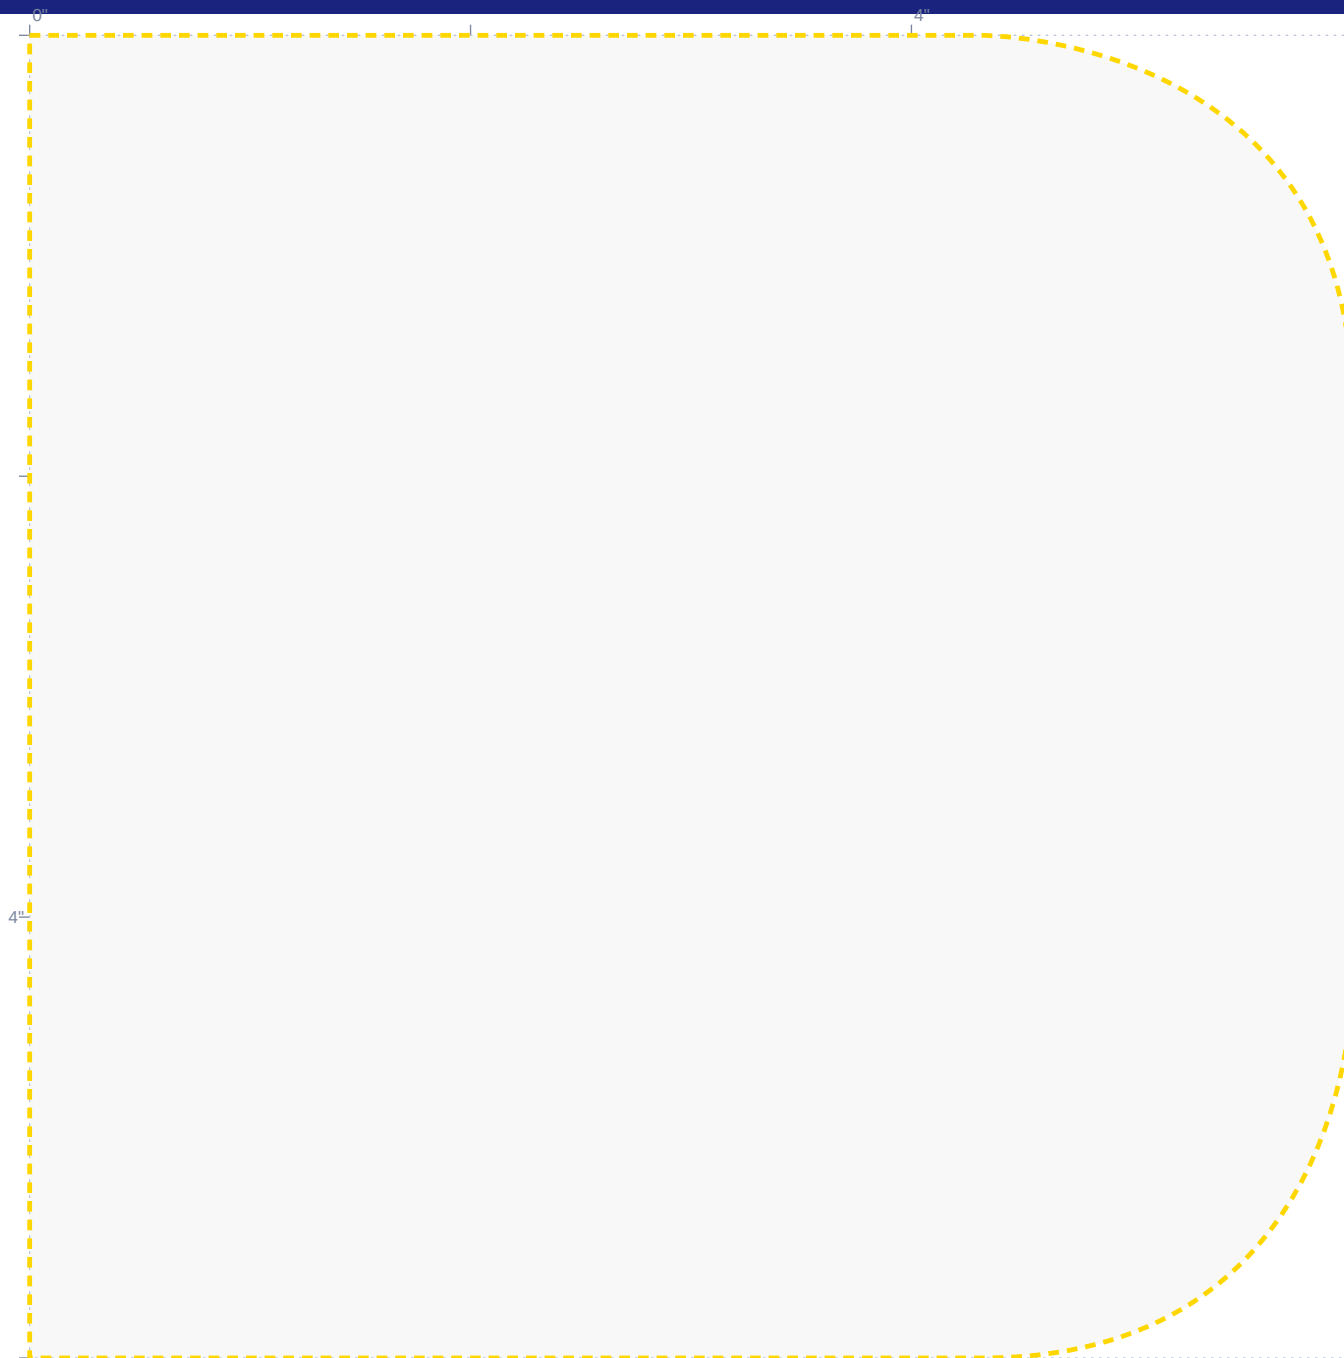

GOLD OUTLINE — this is the shape you cut. It is NOT a rectangle.

FOLD — score lightly, then fold at this line

NOTE: Matches chest front

SIZE CHECK — THIS DRAWING IS NOT REAL SIZE. Printed on letter paper at 100% it measures about 6.9" × 6.9" (115% of real size — **BIGGER** than the REAL piece at 6" × 6" (15 × 15 cm). Use a ruler, not the printout — each grid square = 2 real inches.

HOW TO DRAW THIS SHAPE ON YOUR CARDBOARD:

Mark 1.7" in from the two OUTER corners along the top and bottom edges, and 1.7" in along the outer edge. Trace round a mug between the marks to curve that whole outer edge.

Cut along the GOLD dashed outline. The faint grey box is the flat piece of cardboard it comes from; the grid squares are 2".

CURIOSIDADE!

A armadura de um cavaleiro medieval de verdade pesava até 22 kg. A sua pesa 0. Isso é um baita upgrade.

DESAFIO!

Missão de cavaleiro: depois de totalmente armado, complete 5 tarefas — resgate um bichinho de pelúcia, defenda um forte de almofadas, derrote um dragão de travesseiro, carregue um tesouro e faça uma reverência ao rei.

1 PASSO 1: MEÇA A CRIANÇA

Antes de cortar qualquer coisa, contorne levemente a lápis o tronco, o braço, a canela e a cabeça da criança no papelão. A armadura precisa servir nela — armadura que cai não é armadura.

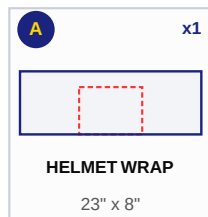

2 PASSO 2: MONTE A VOLTA DO CAPACETE

! AJUDA DE UM ADULTO

A Volta do capacete é cortada de propósito MAIS COMPRIDA que a cabeça de qualquer criança. Enrole-a em volta da cabeça da criança, sobreponha as pontas cerca de 1 polegada, marque esse ponto, corte o excesso das DUAS pontas por igual para que a abertura do rosto fique na frente e prenda a costura atrás com fita. Corte a abertura do rosto mostrada no molde: 8" (20 cm) de largura, começando 2" (5 cm) abaixo da borda de cima e descendo até atravessar a borda de baixo. A volta fica logo acima das sobrancelhas e desce pelas laterais da cabeça até a altura do maxilar; o rosto inteiro fica livre, como na foto da capa.

SEGURANÇA: Um adulto corta. Olhos, nariz, boca e queixo precisam ficar totalmente descobertos.

PEÇAS DESTE PASSO

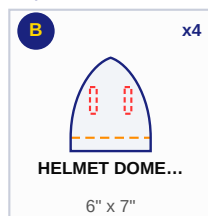

3 PASSO 3: MONTE A CÚPULA DO CAPACETE

! AJUDA DE UM ADULTO

Corte os 4 Painéis da cúpula do capacete com o mesmo formato curvo. Em UM deles apenas, corte as 2 fendas mostradas no molde — esse é o painel da frente. Dobre para dentro a aba de baixo de cada painel na linha de dobra. Prenda com fita a aba do painel da frente por dentro da borda de cima da volta, centralizada sobre a abertura do rosto; depois o painel de trás, do lado oposto; depois um painel de cada lado. Curve os painéis para dentro até as bordas curvas se encontrarem e passe fita em cada emenda, da volta até a ponta de cima. As 4 pontas se encontram acima do alto da cabeça e o topo do capacete fica redondo, como na foto. Os 4 painéis são um pouco mais largos do que o necessário de propósito: onde se sobrepuserem embaixo, prenda-os sobrepostos.

SEGURANÇA: Um adulto corta as fendas. Elas são decorativas — a criança enxerga pela abertura do rosto.

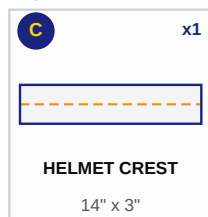

PEÇAS DESTE PASSO

4 PASSO 4: ADICIONE A CRISTA DO CAPACETE

Dobre a Crista do capacete ao meio no sentido do comprimento (linha de dobra no molde) e prenda as duas metades juntas com fita para formar uma aleta firme. Coloque-a em pé, sobre a borda dobrada, no centro do capacete, da frente da volta, passando pelo alto da cabeça, até a parte de trás da volta, e prenda com fita dos dois lados. Corte o que sobrar atrás.

PEÇAS DESTE PASSO

5

PASSO 5: MONTE O PEITORAL

Corte a Frente do peitoral para caber na largura e no comprimento do tronco da criança. Repita para as Costas do peitoral. Faça furos nos cantos superiores dos ombros (marcas de dobra no molde). Passe alças de fita pelos furos — essas são as tiras dos ombros que ligam a frente às costas. Adicione uma cruz ou o emblema HEE na frente, em prateado.

PEÇAS DESTE PASSO

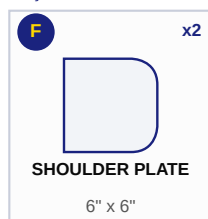

6

PASSO 6: ADICIONE AS OMBREIRAS

Arredonde o canto externo de cada Ombreira (linha de corte no molde). Prenda com fita no peitoral, nos pontos das tiras dos ombros — elas devem ficar penduradas sobre as articulações dos braços, como ombreiras de verdade.

PEÇAS DESTE PASSO

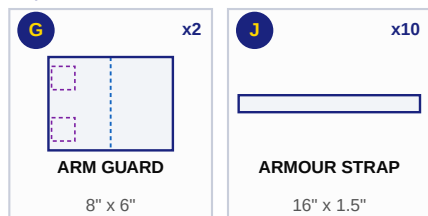

7

PASSO 7: MONTE AS BRAÇADEIRAS

Vinque a linha vertical central de cada Braçadeira (marca de vinco no molde) para ela se curvar em volta do braço. Prenda com fita uma ponta de uma Tira da armadura em cada quadro STRAP do molde, no lado de dentro da braçadeira. Envolve o antebraço com a braçadeira, passe cada tira por trás do braço, corte-a para sobrepor a outra borda cerca de 1 polegada e feche com um ponto de velcro ou um pedaço de fita. Adicione rebites com caneta preta em todas as bordas.

SEGURANÇA: Firmes, não apertadas — um dedo precisa passar por baixo de cada tira.

PEÇAS DESTE PASSO

8

PASSO 8: PENDURE AS PLACAS DA COXA

Arredonde os dois cantos de baixo de cada Placa da coxa (contorno dourado). Prenda com fita a borda de cima de cada placa atrás de um canto de baixo da Frente do peitoral (quadro TAPE BEHIND CHEST FRONT) para que as placas fiquem penduradas na frente das coxas. Prenda uma Tira da armadura no quadro STRAP na parte de baixo de cada placa, passe-a por trás da coxa, corte e feche com um ponto de velcro ou fita. A tira segura a placa junto à perna quando a criança anda.

SEGURANÇA: Firmes, não apertadas — um dedo precisa passar por baixo de cada tira.

PEÇAS DESTE PASSO

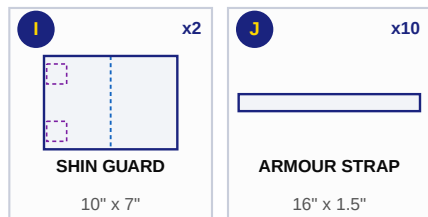

9

PASSO 9: MONTE AS CANELEIRAS

Vinque a linha vertical central de cada Caneleira (marca de vinco no molde). Prenda com fita uma Tira da armadura em cada um dos 2 quadros STRAP, no lado de dentro. Envolve a frente da canela com a caneleira, passe as duas tiras por trás da perna, corte e feche cada uma com um ponto de velcro ou fita. Faça vincos horizontais na superfície para dar o visual de armadura de placas.

SEGURANÇA: Firmes, não apertadas — um dedo precisa passar por baixo de cada tira.

PEÇAS DESTE PASSO

10

PASSO 10: MONTE O ESCUDO

Corte o Escudo (14" x 20" (36 x 51 cm)). Use as marcas de afunilamento do molde para cortar a parte de baixo formando a ponta de pipa. Vinque a coluna vertical central para dar rigidez (marca de vinco no molde). Decore com um brasão da família. Adicione 2 alças de fita nas costas para prender o braço.

PEÇAS DESTE PASSO

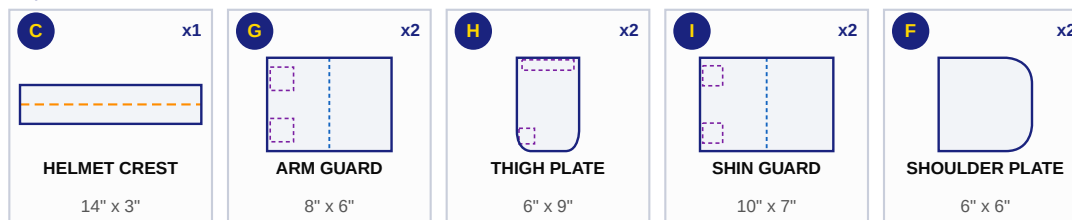

11

PASSO 11: TUDO PRATEADO

Pinte cada peça — capacete, crista, peitoral, ombreiras, braçadeiras, placas da coxa, caneleiras, tiras e escudo — com caneta prateada ou tinta. Adicione rebites com caneta preta em todas as bordas. É este passo que faz parecer uma armadura de verdade — não pule nenhuma superfície.

PEÇAS DESTE PASSO

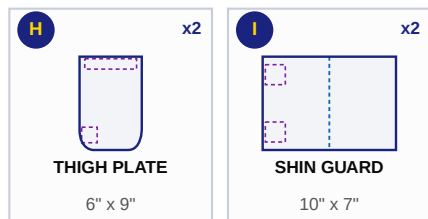

12

PASSO 12: CONTROLE DE QUALIDADE

Vista a armadura completa — tudo serve e continua no lugar quando a criança anda. O capacete é redondo em cima, com a crista no meio e 2 fendas na frente. As placas da coxa e as caneleiras ficam presas por tiras de papelão. Prateado em todas as peças. Compare com a foto da capa. Esse é o padrão.

PEÇAS DESTE PASSO

CONTROLE DE QUALIDADE!

A sua montagem está parecida com a foto? Compare lado a lado antes de finalizar.
